Here you go. It's not perfect because of something with the formatting, but I think it's good enough.

Good morning, Jill. Would you mind sending me the clean Word version of the AOC from Midas that you were working from? I thought I had successfully converted the PDF to a Word document, but there are all sorts of glitches. Working from home has its disadvantages. Thank you.

Elizabeth,

Here are my comments on the AOC up to page 28. I stopped working on it now that I know we're going to be changing the terms.

Subject: FW: Stibnite Mine Site

Hello, everyone. I am forwarding you the AOC and SOW that Midas sent me last night. I will be reviewing the documents tomorrow. If people have read the AOC and SOW by Monday, perhaps we can include a discussion in our weekly call on Monday about the SOW.

I hope I did not leave anyone off of the email that should have received it. Please let me know if I have missed anyone.

Thanks

Elizabeth
